

Hi;

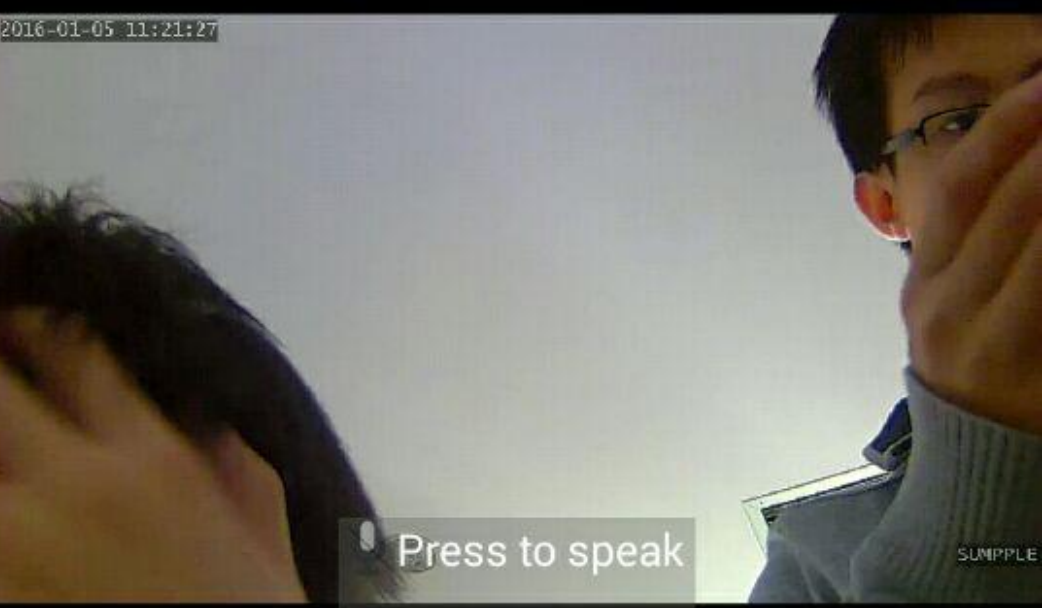

for the Audio and microphone for the S610, please have a check the images below:  
Please have a check the images for the Jacks of Speaker and Microphone. one is for  
Speaker, the other is for microphone.

Please find the speaker and microphone has such jacks.

When you install the microphone and speaker, please open the App on your cell phone, and click the "Call" button and press "Press to speak" to speaker. In this way, visitor can listen your voice and speak to you on the microphone.(see the picture below)
